Contenuti del corso Course programme and training objectives	The crash course focuses on the EU normative framework regulating immigration towards the EU. It aims at offering a brief introduction to asylum law as developed in the EU's Common European Asylum System (CEAS). Students will get an in-depth overview on the basic rules governing the conditions of entry, stay and removal of third country nationals

	in the context of the European Union's Area of Freedom, Security and Justice. A case-studies analysis will specifically problematize the legal challenges of the large-scale movements of 2015–2016. The last trends and proposals launched by the New Pact on Migration and Asylum will also be addressed.
Metodologia Didactic methods	The course schedule will include lectures, seminars and a final workshop with class discussion of case studies and relevant case-law, encouraging critical approaches to the topics addressed.
Modalità di accertamento della preparazione Learning assessment procedures	Oral exam
Libri di testo Reference texts	Please check the texts included in the reading list further available on line from the course's blackboard platform (Studium)
